

No. 309

Leather Knee Pads with Buckle

U.S. Patent No. D463,072 - Other U.S. Patents Pending

Each knee pad has two 1" deep x 4" wide U-shaped notches in the top and bottom edges to permit a better fit above the knee and on the shin. This makes the knee pad less susceptible to shifting and more comfortable to wear when standing.

Top quality cowhide cushion lined with 1/2" padding and single 3/4" wide leather buckle straps.
